

TATA AI SAKHI IMMERSION PROGRAM

TATA AI Sakhi Immersion Mentor Guide: Central Live Screen

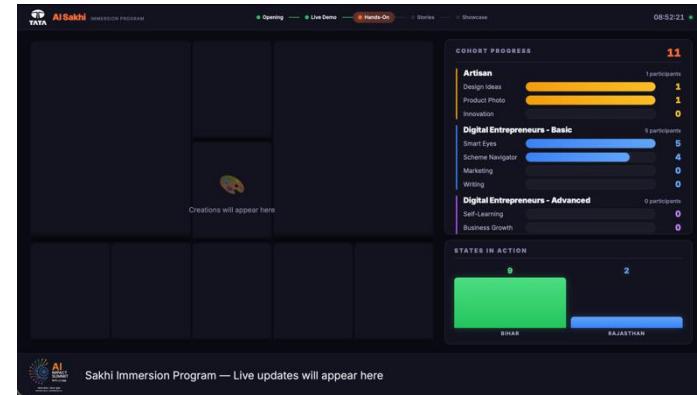

How mentors contribute to the live LED wall during the event

17 February 2026 | Plenary Hall, Bharat Mandapam, New Delhi

OVERVIEW

What is the Central Live Screen?

During the Tata AI Sakhi Immersion, the large LED wall on the centre stage will serve as a live dashboard — showcasing participant creations and real-time progress across all three cohorts. Your role as a mentor is essential to keeping this screen alive, relevant, and inspiring.

Participant Creations

AI-generated artwork, product photos, posters, and marketing materials created by participants appear on the big screen in real time.

Cohort Progress

Live progress bars and achievement counters for each cohort — Artisans, Digital Basic, and Digital Advanced — update as mentors log completions.

CONTRIBUTION 1

Share Best Creations via WhatsApp

1

Spot the best work

As your team members complete use cases that produce visual outputs (artwork, product photos, posters, marketing materials), identify the most impressive creations.

2

Save the image

Ask the participant to share the image with you, or take a screenshot of their creation on your phone.

3

Forward to the Central Team

Send the image via WhatsApp to the designated number below. A central team will review and push selected creations to the live LED wall.

WhatsApp Number: **+91 88077 36085 (Sam)**

Send the image along with participant name, cohort, and state for display on the live wall.

Track Progress via the Mentor App

1

Open the Mentor Web app via browser (URL Will be shared)

Visit the Mentor App URL (will be shared before the event) on your phone browser. Log in with your unique 6-digit Mentor Code.

2

Select your cohort

Choose the cohort you are mentoring — Artisan (3 activities), Digital Basic (4 activities), or Digital Advanced (3 activities).

3

Register your participants

Add up to 5 participants in your group — enter their full name, town/city, and state. Tap 'Register All' to confirm.

4

Log activity completions

Each time a participant completes a use case, tap the corresponding activity button next to their name. A green checkmark confirms it's logged.

Keep the app open throughout the session. Update progress in real time — every tap feeds the live dashboard on the centre stage!

CONTRIBUTION 2

Track Progress via the Mentor App

The screenshots illustrate the AI Sakhhi Mentor App's features for managing and tracking participant progress across different cohorts.

- Home Screen:** Shows the app logo "AI Sakhhi Mentor App" and a "6-digit code" input field. Below it is a "Login" button.
- Select Your Cohort:** A page where users choose their mentoring program. Options include "Artisan" (3 activities), "Digital Basic" (4 activities), and "Digital Advanced" (3 activities).
- Register Participants:** A form for adding participants. It includes fields for "Full Name" and "Town / City" (with a dropdown for "State"). A "Register All" button is at the bottom.
- Register Participants (Detailed View):** This view shows five participants being registered. Each participant has fields for "Full Name" and "Town / City" (with a dropdown for "State"). To the right of each participant are four activity status indicators: "Smart Eyes" (green checked), "Scheme Navigator" (green checked), "Marketing" (grey), and "Writing" (grey). A "Logout" button is in the top right corner.
- Sunita Devi's Dashboard:** A dashboard for "Sunita Devi" showing "Digital Basic | 5 participants". It lists five participants: Poonam, Sonam, RamaDevi, Shreya, and Gauratri. Each participant has a row with their name, town, and activity status. "Smart Eyes" and "Scheme Navigator" are marked as completed (green checked) for all participants.
- Sunita Devi's Dashboard (Detailed View):** This view provides a detailed look at the participants' progress. It shows the same five participants with their names, towns, and activity status. "Smart Eyes" and "Scheme Navigator" are marked as completed (green checked) for all participants.

Keep the app open throughout the session. Update progress in real time — every tap feeds the live dashboard on the centre stage!

Your Two Responsibilities at a Glance

Share Creations

Pick the best visual outputs from your team and WhatsApp them to:

+91 88077 36085 (Sam)

Include: participant name, cohort, state

Log Progress

Use the Mentor App to register participants and tap activities as they're completed.

**Login → Select Cohort → Register
→ Tap**

Keep the app open throughout the session

Every contribution you make feeds the live centre-stage dashboard. Your actions = real-time impact visible to 1,600 participants and global observers.
